DAMAGES SOUGHT FOR ALIENATION OF WIFE'S AFFECTIONS

Rather Mixed-up Domestic Troubles Develop Following the Granting of a Divorce Here.

The Cincinnati Enquirer says: Alienation of his wife's affections is charged by John Lindsay Wood, 5 LeRoy court, in his suit against Henry C. Davis, 2825 Swift street, Pleasant Ridge, in which he seeks \$11,000 damages from Davis, through Attorneys Fulton & Wood.

Wood says he married Ella Mary Wood, Christmas Day, 1901, and they have two children, a son and a daughter. Prior to November 21, 1918, he charges, Davis called at his home at night, when he was at work, and won the affections of his wife. He says Davis also induced her to sue for a divorce that he might marry her.

November 25, 1918, Wood says, his wife filed suit for divorce in the Courts here, but it was dismissed. Later she sued him in the Common Pleas Court of Clermont county, and this suit also was dismissed. April 1, of this year, Wood says, she filed a third suit in the Mason Circuit Court at Maysville, Ky., upon which he received no summons, and she was granted a decree of divorce there September 9 last.

In the meantime, he states, Davis' wife obtained a divorce December 20, 1918, on statutory grounds, and after his wife secured her decree in Kentucky, she returned here and on September 22 last was married to Davis, with whom she now lives at the Pleasant Ridge address, he says. Wood demands \$5,000 damages for being deprived of his wife, and \$5,000 damages for alleged alienation of her affections by Davis. He further declares that Davis removed furniture belonging to him to the Pleasant Ridge home and now is using it there and he seeks \$1,000 additional damages for this.

PRISONERS TO BE SENTENCED SATURDAY.

At the close of the present term of the Mason Circuit Court on Saturday, Judge C. D. Newell will sentence the two prisoners who were given penitentiary terms at this term. Ed. Mason will be sentenced to two years on a charge of housebreaking and Jesse Utterback to a term of two years on a charge of larceny. A stay of sentence has been asked in the Utterback case which would indicate that an appeal to the Court of Appeals will be taken.

MEMORIAL GIFT TO MASON PUBLIC LIBRARY

Books From the Library of Miss Mary A. Dye Given to Local Library As Memorial.

The Public Library has received as a memorial gift from the library of Mary A. Dye, several valuable sets of reference books. Six volumes of Appleton's Encyclopedia of American Biography, eleven volumes of Steadman's Encyclopedia of American Literature; seven volumes of Oliver Wendell Holmes, and forty-four volumes of Charles Dudley Warner, The World's Best Literature.

Miss Mary A. Dye was born and reared near Maysville. She and her sister Miss Charity Dye, her father and mother followed their brother, Mr. John T. Dye, to Indianapolis fifty years ago, that place having been since then the family home, and her activities identified with it. Her heart held always a tenderness for the old home in Mason county, and the friends of her youth. Miss Dye was a trained librarian and made that her dearly beloved life work, and the wish to leave some reference books in the library of her native county, is in keeping with that dearly loved work.

This memorial gift was given by Miss Charity Dye and Mrs. George Longnecker.

WILLIAMS' SHORT-AGE WILL BE MORE THAN \$30,000

Receiver Is Appointed For Ripley Building Association When Shortage of Secretary Is Found to Be Many Thousands Dollars.

Georgetown Ohio, October 15.—Drastic actions were taken in the Common Pleas Court Tuesday afternoon, following the report made by the state examiners relative to the condition of the affairs of the People's Building and Loan Company, of Ripley. It will be remembered that the secretary of the company, L. V. Williams, has voluntarily surrendered himself on a charge of embezzling funds of the institution, and was committed to jail to await further developments. Since which time the examiners have continued their investigations with the result that they report the company insolvent.

A representative of the State Attorney General's office appeared before Judge Tarbell and state that a shortage existed in the accounts of Secretary Williams and asked that a receiver be appointed for the People's Building and Loan Company, and that the affairs of the institution be liquidated. After further report from the state examiners the court appointed Joe Koewler, of Ripley, as receiver. Attorney Chambers Baird will represent the receiver in legal matters. Examiner, McGuire made statement that the examination had not been completed and that the shortage had already reached about \$30,000. Pass books will be called in and checked with the ledger accounts, and books and papers which have not been thoroughly examined will have to be gone over before an accurate statement can be made. It may be several weeks before this statement will be concluded. Williams' bond is \$10,000, which will be paid by a bonding company, we understand. During the court hearing quite a number of prominent Ripley citizens were present. The affair has created widespread attention, and in Ripley, where a large majority of the share holders live, the excitement is intense. The company at one time was one of the largest in southern Ohio, but during the past few years has been rapidly reduced in size, until at the present time it is one of the smallest.

The People's Building and Loan Company was organized about 35 years ago. The late Col. L. H. Williams was secretary of the company from its institution until his death several years ago. He was succeeded in office by his son, L. V. Williams, who is in jail under charge of embezzlement of the company's funds. The accused is one of the best known men of the county. He has received many honors from his home town people, being mayor of Ripley, secretary of the fair board, secretary of the loose leaf warehouse, and prominent in fraternal circles. Years ago he was state commander of the Sons of Veterans. He conducted a large fire insurance agency at Ripley, representing some of the leading companies.

Three suits were filed in the Common Pleas Court this week against the People's Building and Loan Company, of Ripley, plaintiffs being James W. Grooms, D. C. Trefitz and S. P. Trefitz, all of Adams county. Grooms alleges that on or about April 24, 1916, he deposited \$400 with the company and was to receive 7 per cent. on same, payable semi-annually. He further says that he received no certificate of deposit and that the People's Building and Loan Company has, from time to time refused to pay the accumulated interest. He asks judgment for \$400 and interest from date of deposit. D. C. Trefitz claims to have deposited with said company \$100 March 29, 1913, and \$200 February 7, 1914, at 7 per cent. interest. Claims he has never received stock certificates or interest on same. A like suit is brought by S. P. Trefitz, for recovery of \$100 with 7 per cent. interest from March 9, 1914. The Trefitz transactions were negotiated through the late John Shumaker, who was the agent of the company at West Union.

ANOTHER ENTERS COUNTY SCHOOL BOARD RACE

Mr. C. A. Collins, Maysville, Is Fourth to Enter Race for Membership on County Board of Education.

The petition of Mr. C. A. Collins, of Maysville, at present a member of the County Board of Education, was filed with County Clerk Owens today declaring himself a candidate for reelection to the non-partisan board which is to be elected on November 2. Next Monday, October 18th, is the last day for filing declaration papers in this race and at the present time there have been but four candidates who have filed their papers. There is less interest being taken in this race than in any race in Mason county in years and let it be one of the most important campaigns in years.

The Board of Education which is elected this year is elected from the county at large and has much larger powers than the County Board of Education as at present constituted.

WAREHOUSES OFFICIALLY NOTIFY GROWERS.

In another part of this issue appears the official notice of the local loose-leaf tobacco warehousemen to the growers of this district that they will not sort tobacco delivered to them this season. They are giving this notice at this time so that the growers can be more careful in the stripping of their crop to get it properly sorted and to load it on their wagons so that they will have no trouble in bulking their crops on the baskets when delivered for sale.

GREAT ROAD IMPROVEMENT IN MAYSVILLE DISTRICT.

County Judge H. P. Purnell was in Maysville yesterday inspecting the road improvement in progress in that section. SECRET DIPLOMACY PLAYED BY SENATOR AT LOUISVILLE

Foreign Trade Has Been Hurt By the Democratic Attitude Says Republican Candidate For President.

Louisville, Ky., Oct. 14.—The administration's attitude toward foreign trade, the Wilson policy in Mexico and the league covenant written at Versailles were the special objectives of Senator Harding's assaults on the Democratic lines in his campaigning today and tonight through the borderland of the solid South.

Charging that "secret diplomacy" as practiced by Democratic officials, had kept American business men from learning of trade opportunities abroad, the Republican Presidential nominee declared the State and Commerce departments must be reorganized to give more active aid in developing commerce with other nations.

The President's Mexican policy he denounced as having brought distrust in Mexico and humiliation at home, and he advocated a program of amicable relations to insure protection of American interests on Mexican soil without interfering unduly in the internal affairs of the Mexican republic. In his discussion of the league he reiterated that he wanted no council of foreign powers to dictate America's part in the world and, reading Article X, told his audiences that as spokesman for the Republican party he was "opposed to it." He added that in due time the nation would find a way safely and practically to organize the conscience of the world for peace.

The Senator's arraignment of the Democratic attitude toward foreign trade was the theme of a night address in the Louisville armory. Reaching here late today, he eluded a throng at the "railway station" by leaving his train on the edge of town, but he was recognized and cheered by many along the streets, and was the center of a rolling wave of applause wherever he went. Spending the night here he will turn northward tomorrow for a whirlwind swing through Indiana.

During the day the Senator spoke at Somerset, Danville, Spring City, Rockwood, Harrodsburg, Stearns, Lawrenceburg and Shelbyville.

INVESTIGATION OF THE WHISKEY RING IS INTERESTING

Large Sum Had Been Raised In Chicago To Defeat Prohibition Laws of Nation.

Chicago, October 15.—Information showing that \$100,000 had been raised in Chicago to force out certain Federal prohibition agents and replace them with men susceptible to the influence of the alleged "whiskey ring," has been obtained through three men arrested in the last 24 hours, said police officials today.

The men were arrested on complaint of Andrew Pappas, a restaurant owner, who charged that he had been swindled out of large sums of money through the alleged "ring." The men arrested are Fred Leach, formerly special agent for the American Railway Express company; Joseph Schillinger, alleged agent of the "ring," and Thomas Kerwin, a saloonkeeper.

Pappas declared that he would have the support of many other restaurant owners and saloon keepers who, he said, had lost upwards of \$100,000 by paying through the "ring" for whisky which never was delivered.

The Federal grand jury today, continued its investigation of the "ring" after having heard the testimony yesterday of Walter Sadler, New York broker, who confessed, it was said, to participation in the whiskey running.

WHY DOESN'T IT FUNCTION?

The world is sick for peace—that is, the decent, cultured world is sick for peace. And yet war continues to ravage its red way through many lands. The Near East is a volcano. Russia, Lithuania, Poland, the Caucasus, Persia, Turkey—in all of these and many more lands the war horns blare, the guns roar, cities fall and are sacked, men and women and children die. Famine and starvation are reaping hideous harvests. The situation in Ireland is approximating that so long prevalent in Mexico. Mandates conferred by the authority of the Council of the League of Nations are imposed and enforced only through the agency of war with all its accursed incidents.

If the League of Nations was created to prevent war, if it was set up to become the clearing house for international justice, why in the name of all the gods of pity and friends of mercy does it not function effectively now? Twenty-four nations are members of the league. But what has it done to conserve or exalt international justice? What has it done to prevent any war? Where the substantial achievement in this respect of this super-institution which has assumed to take over the work, the power and attributes of the Almighty?

So far as may be determined by a study of league purposes and methods, it is incapable of stopping hostilities anywhere. The Council seem to be little more than a society for academic discussion.

War rages, but the League of Nations does not function. To say this is not partisan presumption but the proclamation of indisputable facts. What the league might do is a too tenuous speculation to which to anchor hope. — Cincinnati Enquirer, October 12, 1920.

C. E. GALBREATH,

Sheriff of Mason County.

Harding and Coolidge AND Good Government

TO THE AMERICAN VOTER:

Are you satisfied, even content, with existing conditions of life?

Of course you are not.

You are burdened with taxation and the high cost of living.

For everything entering into your daily life you are paying an abnormal price—an unprecedented price.

Why?

Largely, if not altogether, because of the extravagance of government at Washington—because of padded payrolls—because of colossal waste following the war—because of looseness, laxity, inefficiency and incompetency in handling the country's affairs.

You are paying the bills for all this—you, Americans, men and women, who make up the good citizenship of this nation.

You are paying, and paying dearly, for all this.

Your Liberty Bonds—those I. O. U's of Uncle Sam—in which you invested so proudly, so generously, so patriotically, to help win the war, are today below par. You made sacrifices, some of you, most of you, to buy them, and now, with the war long over, but with peace not yet fully established, you must make further sacrifices, if compelled to sell those Liberty Bonds, in order to meet the abnormal conditions confronting you and entering into your daily life at every turn.

Think of the tragic climax thus put upon your patriotism!

WAR MEANS WASTE. WAR IS WASTE. BUT WAR WASTE SHOULD HAVE ENDED WITH THE ENDING OF WAR. It did not end then—it has not ended. It has gone on prodigally—shamefully. And you, long-suffering American citizens, are paying the bill—paying in taxes and high cost of living the price of it all.

Is it not time to call a halt—high time?

A Republican Congress curtailed governmental extravagance to the extent of TWO BILLIONS or more—reduced the department estimates to that extent in spite of the resistance and obstruction of the Wilson Administration. Think of that! But that was just the beginning of retrenchment and reform which cannot be effected fully until the Executive and Legislative departments of the government are working together efficiently and in unison to bring about retrenchment and reform. And this means A COMPLETE CHANGE AT WASHINGTON—the substitution of efficiency for inefficiency, capacity for incapacity, all along the line.

Then, and then only, will you be relieved of the burdens you are carrying today.

You are hearing talk about America's duty to the world. Much of it is intended solely for campaign purposes and is as full of deception as the cry, "He kept us out of war," the Democratic slogan of 1916, when the Administration at Washington knew full well that no power under Heaven could keep us out of war, and that, in fact, at the very moment, when an election was being scantily won by false pretences, the Nation was even then virtually at war.

America do her duty to the world!

When, pray, did America ever fail to do her duty—her full duty—in any crisis or contingency affecting mankind? Never!

And America can be counted upon as confidently in the future as she has been counted upon in the past.

AMERICA IS A DUTY DOING NATION. Any suggestion to the contrary—whatever the individual view as to the adjustment of world affairs, whether through a League of Nations or not—is an affront to every true American and must be dealt with as such.

The Republican Party pledges you Good Government. It pledges to you efficiency, economy, courage and the square deal. It pledges you an American government—the sort of government that a long and illustrious line of Republican Presidents have given this Republic.

DO NOT ALLOW YOUR COMPLETE CONFIDENCE IN THE RESULT TO KEEP YOU FROM THE POLLS ON ELECTION DAY.

Do your duty as a citizen—an alert, wide-awake, American citizen—just as America has ever done and will continue to do her full duty as a nation, and thus will you help to put your Uncle Sam's house in order.

Vote for HARDING and COOLIDGE and a REPUBLICAN CONGRESS on November 2, and all will be made well.

HARDING and COOLIDGE MEAN GOOD GOVERNMENT.

And GOOD GOVERNMENT is what we all need and must have.

As Warehousemen we have an interest in the Grower and want tobacco to sell as high as possible, therefore we have decided to DISCONTINUE THE WAREHOUSE SORTING and request all to KEEP THE DIFFERENT GRADES SEPARATED, and mark on the wagon with Tobacco Stalks, Corn Stalks, or Paper, so that it can go directly on the basket without the formality of passing over a bench and scattered over the Warehouse floor.

This method is used by the largest market in the state, and we feel that with the co-operation of all Growers in this territory the results will justify the change.

SUNDAY SCHOOL LESSON
OCTOBER 17, 1920.

Topic: Jesus Begins His Ministry. Matthew 4:17-25; John 1:43.

REV. J. J. DICKEY.

Jesus began His ministry in Judea, when he cleansed the temple and had a conversation with Nicodemus. When John the Baptist was put in prison Jesus went to Galilee, changed His mode from Nazareth to Capernaum, and toured Galilee, preaching the doctrine of the kingdom and healing all manner of diseases. It is with this evangelistic tour that the lesson of today has to do.

Jesus must have helpers to inaugurate His enterprise, and some must be trained to carry it on when He has finished His work and has returned to the Father.

Preaching, teaching and healing were His methods of propagating the truth. The people must first be taught in what the kingdom consisted, its nature and object. This He strove to do, though he made slow progress. The people were obsessed with the idea that the kingdom meant an earthly government. He labored through His entire ministry to correct this error, but with limited success, for one said to Him just as he was about to ascend: "Will not those at this time resolve the kingdom to Israel?"

His healings drew the multitudes. It was marvelous that there should be one who "could heal all manner of diseases."

What throngs would greet a man today, who could heal all diseases. No city could take care of the people who would meet him. John remained in one place; Jesus itinerated. It was the mission of John to introduce Jesus to the world; it was the mission of Jesus to establish His kingdom in the world and die to save the world from sin. We must that the kingdom of Jesus Christ is founded on great doctrinal truths. It is a religion of intelligence. These truths must be taught to the people. Then they can act intelligently. The first great doctrine that Jesus proclaimed was repentance. John had emphasized that doctrine. In this way Jesus endorsed the ministry of John. Today the cry of the true minister of the kingdom is, Repent! Repent! It is fundamental to a religious experience and a religious life. A failure to preach repentance blocks the progress of the gospel. To leave it out, or pass it over lightly, is like building a house on the sand. John taught that the repentance that was genuine would show itself in a changed life. And so it does. "Except ye repent ye shall all likewise perish," was the declaration of the Master. Let every Sunday school teacher be faithful in inculcating this great fundamental doctrine of the plan of salvation.

TIRED, NERVOUS MOTHERS.
VINOL IS WHAT YOU NEED

To Make You Well and Strong.

Women in this city who are "fagged out," weak, overworked and nervous should profit by the experience of Mrs. L. W. George. She says: "I was weak, run-down and nervous, with no ambition to do anything. After everything else had failed, Vinol built me up and restored my strength."

This is another link in the great chain of evidence to prove to overworked mothers that Vinol contains the very elements needed to build them up and make them strong.
